In the event of a draw at the end of the series, the total number of cleans for all rides in the series is the deciding factor.
Riders who Observe or do an official duty at a series round are awarded their average point for that duty, the formula is:
Number of rides/number of points and then rounded to the nearest full number.
A minimum of 3 rides must take place in any series to qualify for an award.
Points can be scored down to 5th place in any series round.
